Social Enterprise Network

Social Enterprise is to create better world through business

Social Enterprise Network

Mission

"We pursue a society in free market economy, where every business contributes to creation of social value together with financial value. We help youths grow to responsible business leaders of the future."

Purposes

"Our organization purposes supporting study and education of social enterprise at business schools, enhancing its understanding among corporations, industries and society, helping students and professionals start up social ventures, and leading youths to grow to responsible and well-equipped business leaders of the future."

Programs

(1) Social Enterprise Forum (SEF):

Seminars, symposiums and conferences are held on Social Entrepreneurship and related topics every year.

(2) Social Venture Competition Asia (SVCA):

Social Venture Competition Asia is held every year for business school students and professionals in HK, Taiwan, Japan and Korea.

(3) Impact@Work Program (IWP):

IWP is offered to SEN student clubs to help them conduct internship projects during their academic term(s) for experiential learning on Social Entrepreneurship and related topics.
